ALL IN ONE PLATFORM

# Every day your team loses time, clients and money

It's time to unite processes, data and people  
in a single business management system.

## Full Control

All processes and data  
under your control

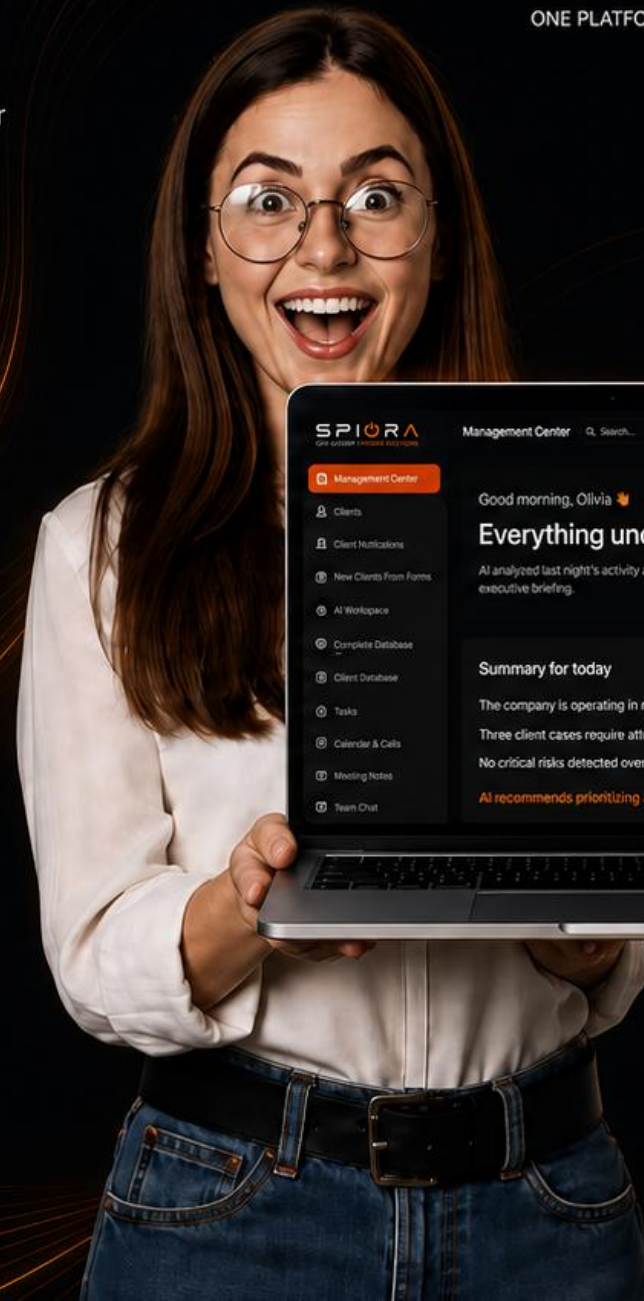

## Data Privacy

Your data is secure  
and stays with you

## Business Growth

More efficiency,  
more profit

BEFORE / AFTER

# 9 tools today. One workspace with Spiora.

Your team stops switching. Your data stops scattering.

**SPIORA**  
ONE PLATFORM. INFINITE SOLUTIONS.

**09**  
DISCONNECTED TOOLS

**01**  
UNIFIED WORKSPACE

**One login. One screen.  
Zero switching.**

Up to 2 hours saved per employee every day

# What does losing 7–10 clients a month really cost?

## WHAT HAPPENED

The partner grew —  
but manual control did not.

Google Sheets could no longer keep  
every inquiry, owner, follow-up and  
deadline under control.

**7–10** CLIENTS LOST  
EVERY MONTH

→ They chose faster competitors.

## MONTHLY LOSS

7–10 clients × €3,000

**€21,000–€30,000**

LOST PER MONTH

1

## DIRECT ANNUAL LOSS

€21,000–€30,000 × 12 months

**€252,000–€360,000**

LOST PER YEAR

2

## TOTAL ANNUAL LOSS

+ referrals + future clients + reputation

**MORE THAN  
€500,000**

LOST PER YEAR

3

## SPIORA STOPS THE LOSS

Every inquiry, owner, follow-up, deadline, document and payment  
stays in one controlled workflow — at a fraction of the revenue at risk.

# From fragmented work to full control.

## BEFORE

CRM • Tasks • Chat

Calendar • AI • Knowledge Base

Analytics • Video Calls • Notifications

  
Vertical SaaS with  
per-customer configuration

## AFTER

**01**

### Automatic CRM

Form data becomes a case — no manual transfer.

**02**

### AI at the team's service

Reviews forms, drafts letters, answers questions.

**03**

### Full control

The manager sees the business from one main page.

**04**

### Order in documents

Files stay attached to the right client and process.

**05**

### No data leaks

Correspondence stays inside the platform.

BUILT FOR YOU

# Built for your company — never boxed.

## YOUR BRAND

Your logo, colors and fonts. The platform feels like your own product.

## YOUR WORKFLOW

Remove what you do not need. Add only the modules your business requires.

## YOUR GROWTH

Add users and capabilities as the team grows — without rebuilding the system.

**2+**

weeks to launch

**100%**

private workspace

post-launch  
development

The foundation of your digital office — start with what you need today and expand with new modules, AI and automation as your business grows.

# The platform is always with your team.

Desktop, tablet or mobile — the interface adapts to the screen and installs like a familiar app.

## 01 DESKTOP

### Full platform

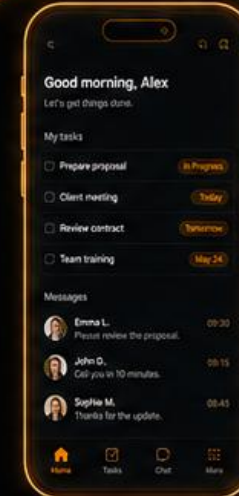

Every module and workflow at your workstation.

## 02 TABLET

### Adaptive interface

A comfortable workspace for meetings and mobile teams.

## 03 MOBILE

### Always at hand

Tasks, chats, notifications and client status on the go.

# Own the platform. Stop renting the system.

## READY-MADE CRM

-  Ongoing rental fees
-  Data locked in the supplier's system
-  Fixed set of modules
-  You adapt to the CRM
-  Implementation takes months
-  Complex usage structure

## SPIORA

-  One development investment
-  A corporate asset that stays yours
-  Features tailored to your needs
-  The CRM adapts to you
-  Launch from 2 weeks
-  Simple, intuitive interface

**Every new module increases the value of your own business asset.**

# Your whole business — in one platform.

## WORK PLATFORM

For the team

## CLIENT PORTAL

Spiora Client

One system. Two connected experiences.

# 01 SPIORA WORKSPACE

FOR THE TEAM

AI • FINANCE • CONTROL  
AUTOMATION • GROWTH

## CLIENT DATABASE

# One client. One complete history.

A complete history from the first inquiry to the final result.

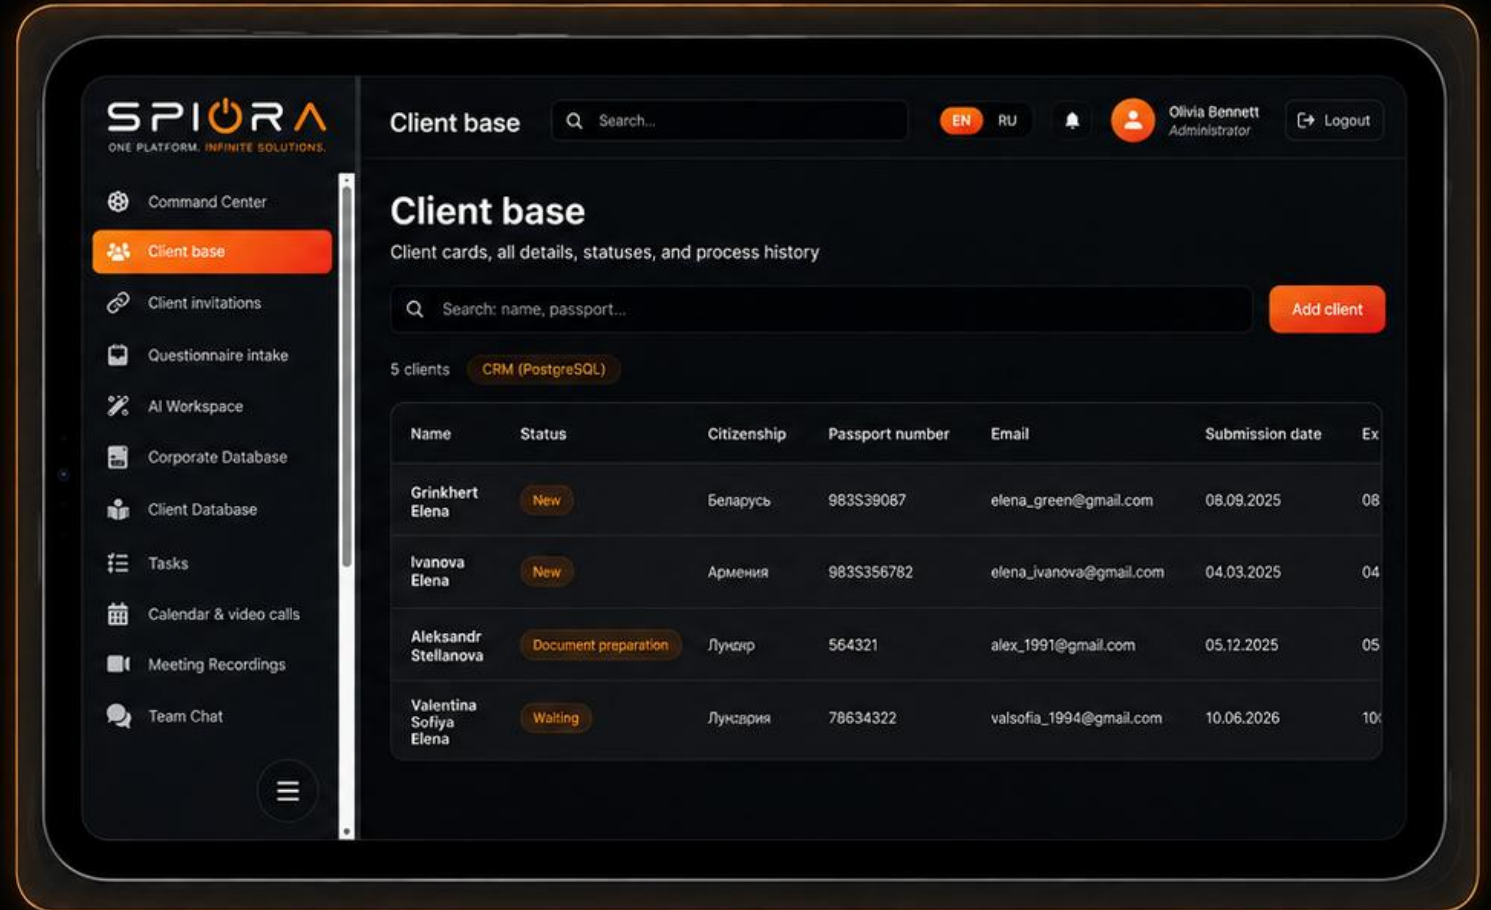

Contacts, documents and status in one record

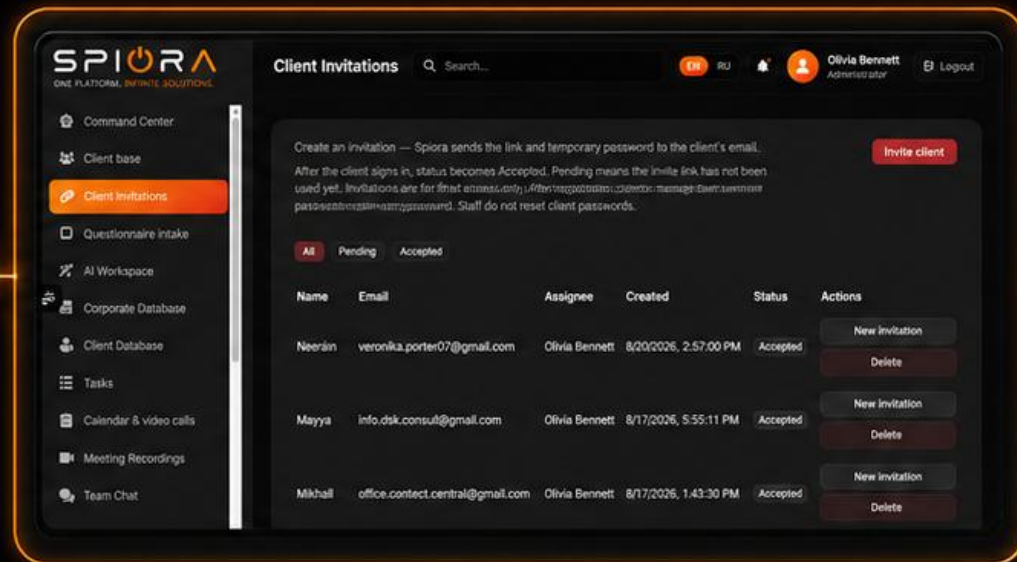

Contracts, tasks and interactions stay connected

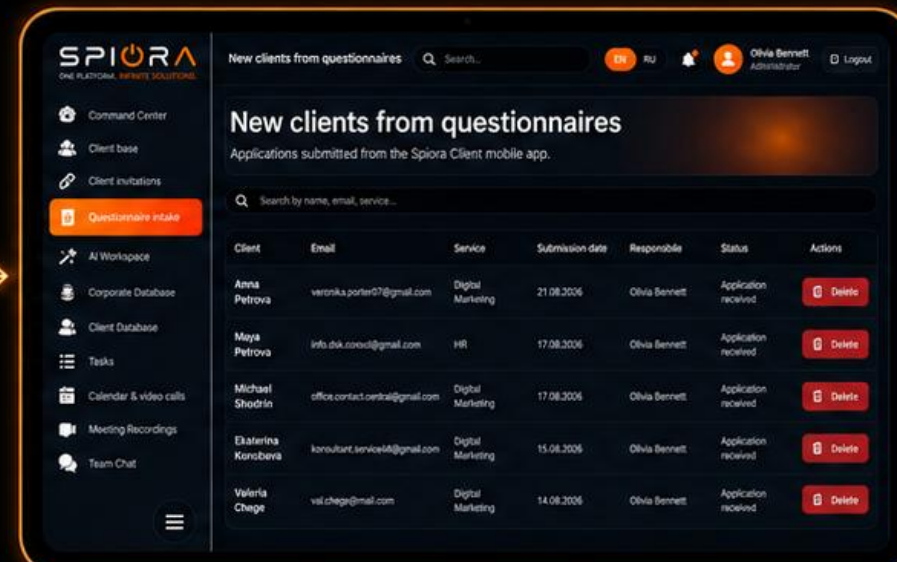

Find the information you need in seconds

# One link turns a lead into a ready-to-work case.

2

3

## 01 INVITE

The team sends a personal link and temporary password.

## 02 CLIENT SUBMITS

The form and uploaded documents arrive as structured data.

## 03 READY CASE

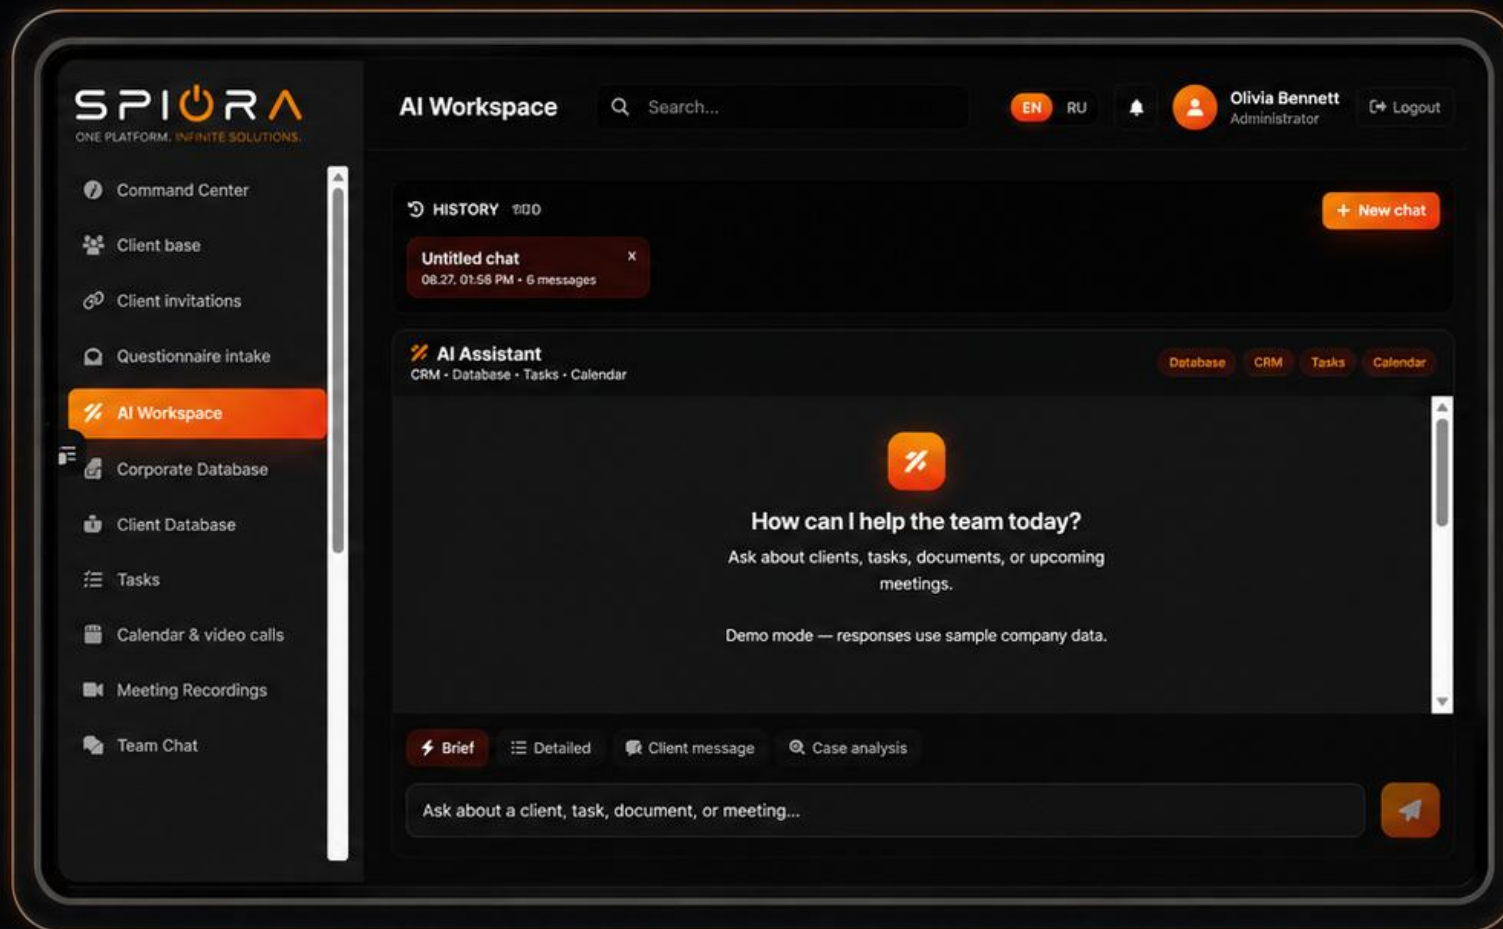

The manager starts work immediately — no manual transfer.

# Company knowledge appears exactly where work happens.

# AI that knows your company.

A private AI assistant for the team — inside the same secure workspace.

# Tasks move forward. Nothing gets lost.

Assign work to yourself  
or an employee

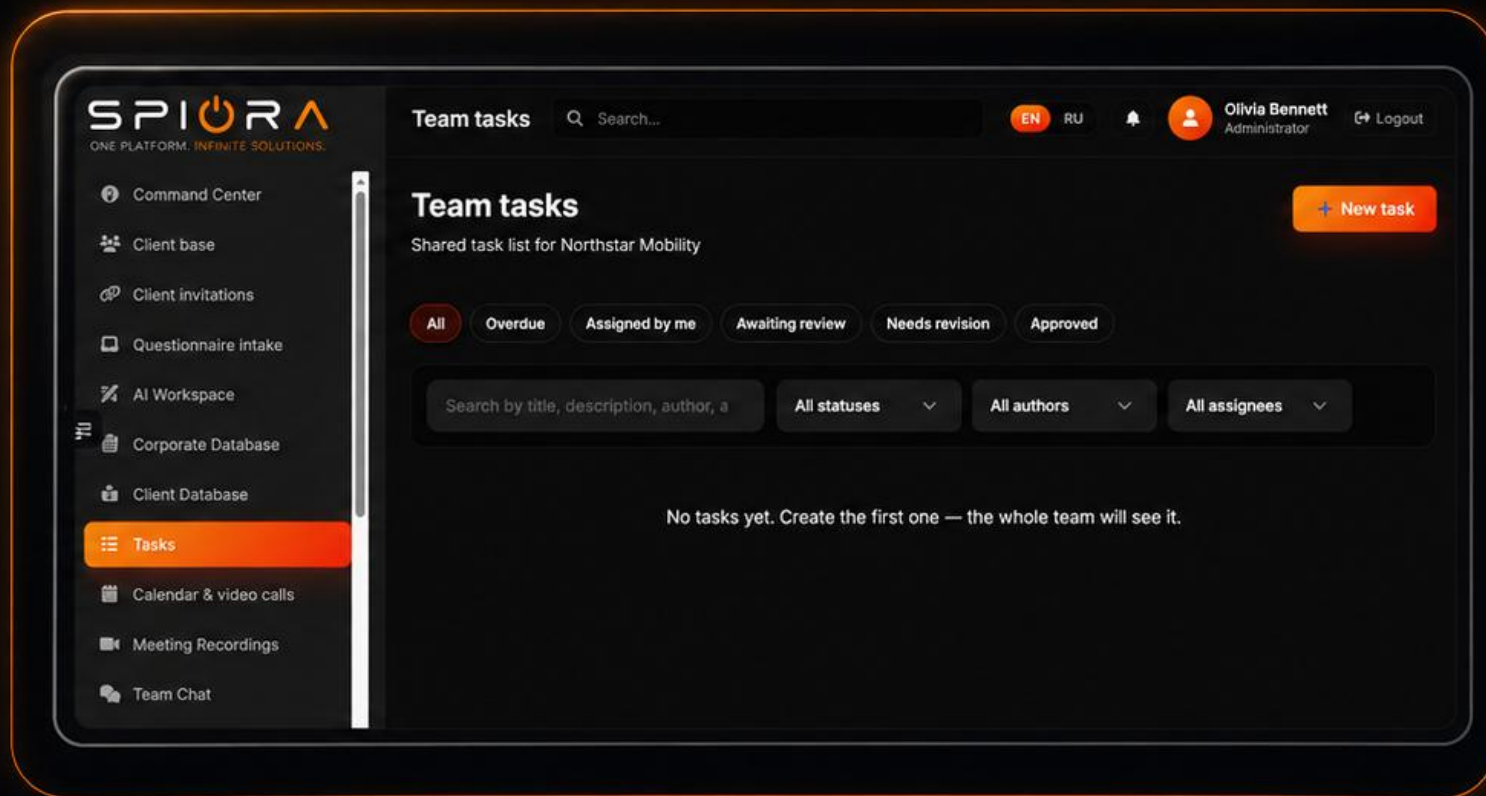

Track progress, review,  
revision and approval

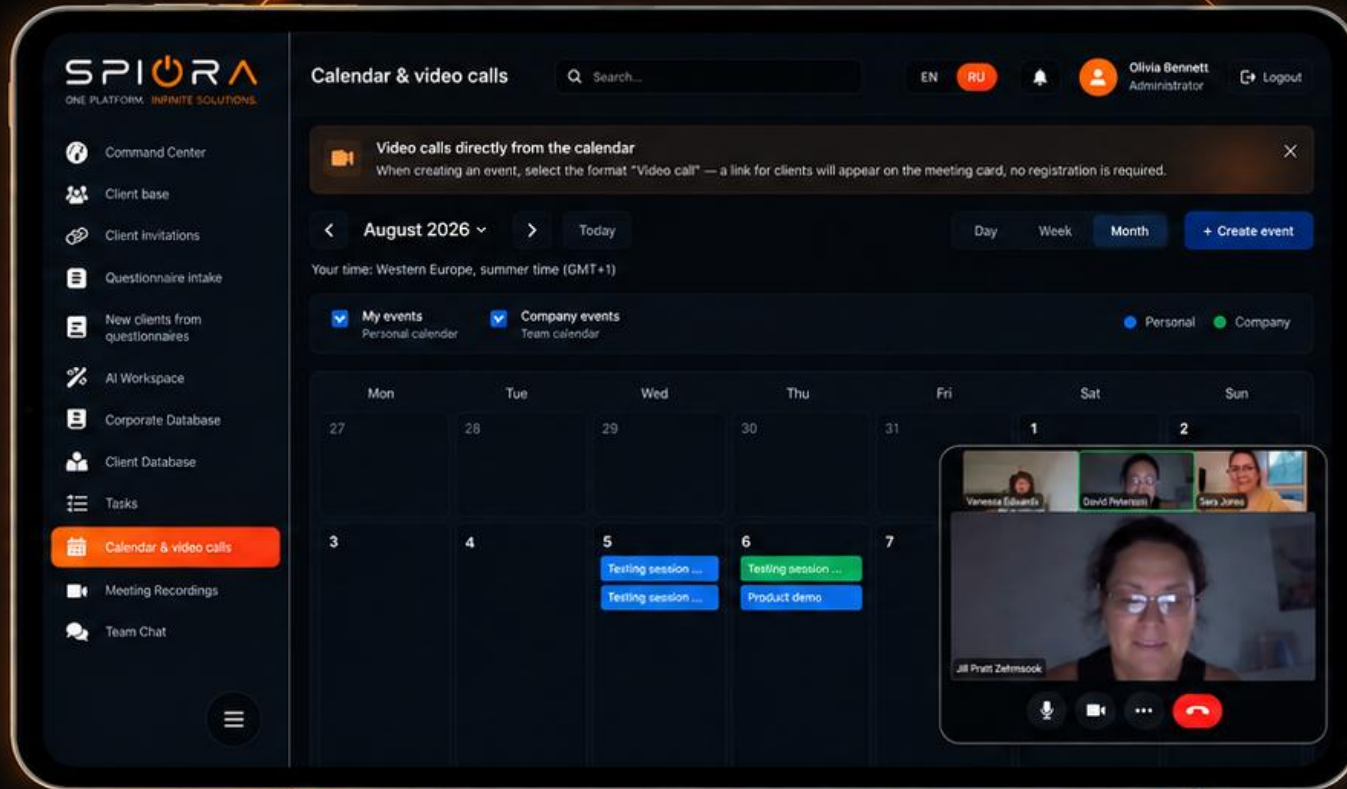

Files and comments  
stay inside the task

Private tasks and automatic  
deadline alerts

# Events, calls and reminders — one flow.

Personal and team events

Day, week and month views

Automatic reminders

Unlimited video calls and screen sharing

No Zoom — everything stays inside

# Private chat. Data stays inside.

Text, voice and files in any format

See who is currently online

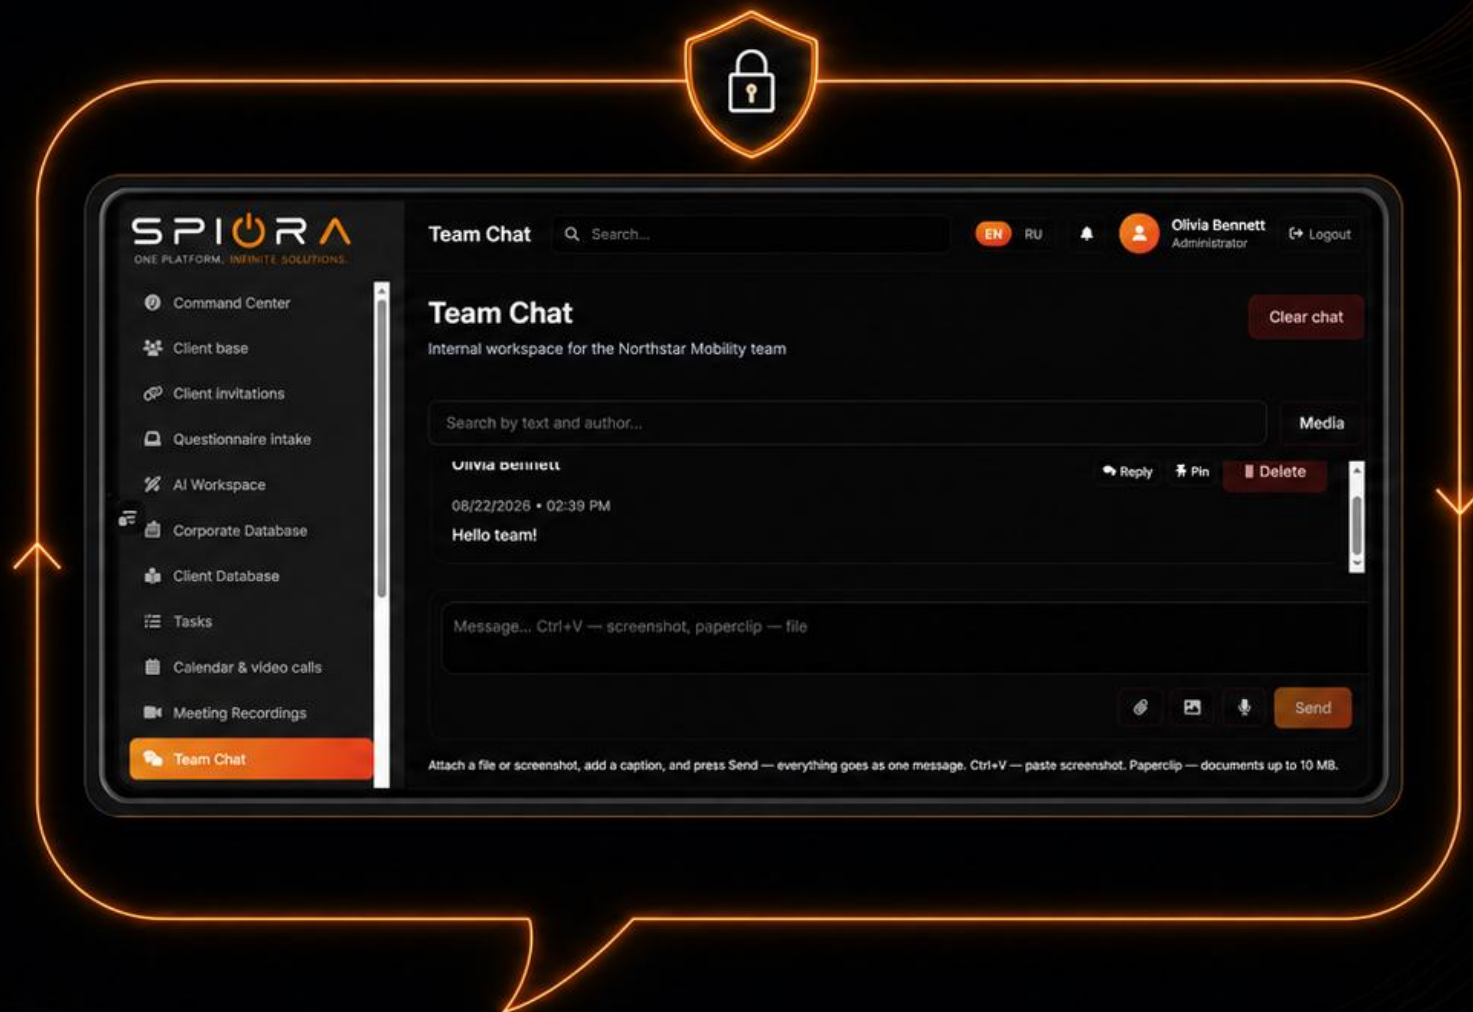

Chat history is always saved

Paste screenshots instantly with Ctrl+V

No Telegram or WhatsApp required

# Your finances in one clear view.

Contracts, payments and balances stay connected to every client record.

The screenshot displays the SPIORA Finance dashboard. The sidebar on the left includes links to Command Center, Client base, Client Invitations, Questionnaire intake, AI Workspace, Corporate Database, Client Database, Tasks, Calendar & video calls, Meeting Recordings, and Team Chat (1). The top header shows the SPIORA logo, a search bar, language options (EN, RU), a user profile for Olivia Bennett (Administrator), and a Logout button. The main content area is titled 'Finance' and features four summary cards: Total contract amount (12.800 €), Received (8.850 €), Outstanding debt (3.950 €), and Clients with debt (4). Below these is a search bar for clients and filters for directions, statuses, and page size. A table lists 17 clients with columns for Client, Direction, Contract amount, Paid, Balance, Payment status, and Last payment. The table shows three clients: Valeriia Chege (digital\_nomad, 0 € paid, No contract), Zlata Moroz (residence\_permit, 1,000 € contract, 500 € paid, Partially paid, 2026-08-05), and Алеятия Петрова (digital\_nomad, 0 € paid, No contract).

| Client          | Direction        | Contract amount | Paid  | Balance | Payment status | Last payment |
|-----------------|------------------|-----------------|-------|---------|----------------|--------------|
| Valeriia Chege  | digital_nomad    | —               | 0 €   | —       | No contract    | —            |
| Zlata Moroz     | residence_permit | 1,000 €         | 500 € | 500 €   | Partially paid | 2026-08-05   |
| Алеятия Петрова | digital_nomad    | —               | 0 €   | —       | No contract    | —            |

One payment log for every client

Balances and payment status calculate automatically

Company-wide overview without spreadsheets

Restricted access for directors and finance

# See the whole business.

Clients, process dynamics, workload and bottlenecks in one view.

Track leads, active clients and completed cases

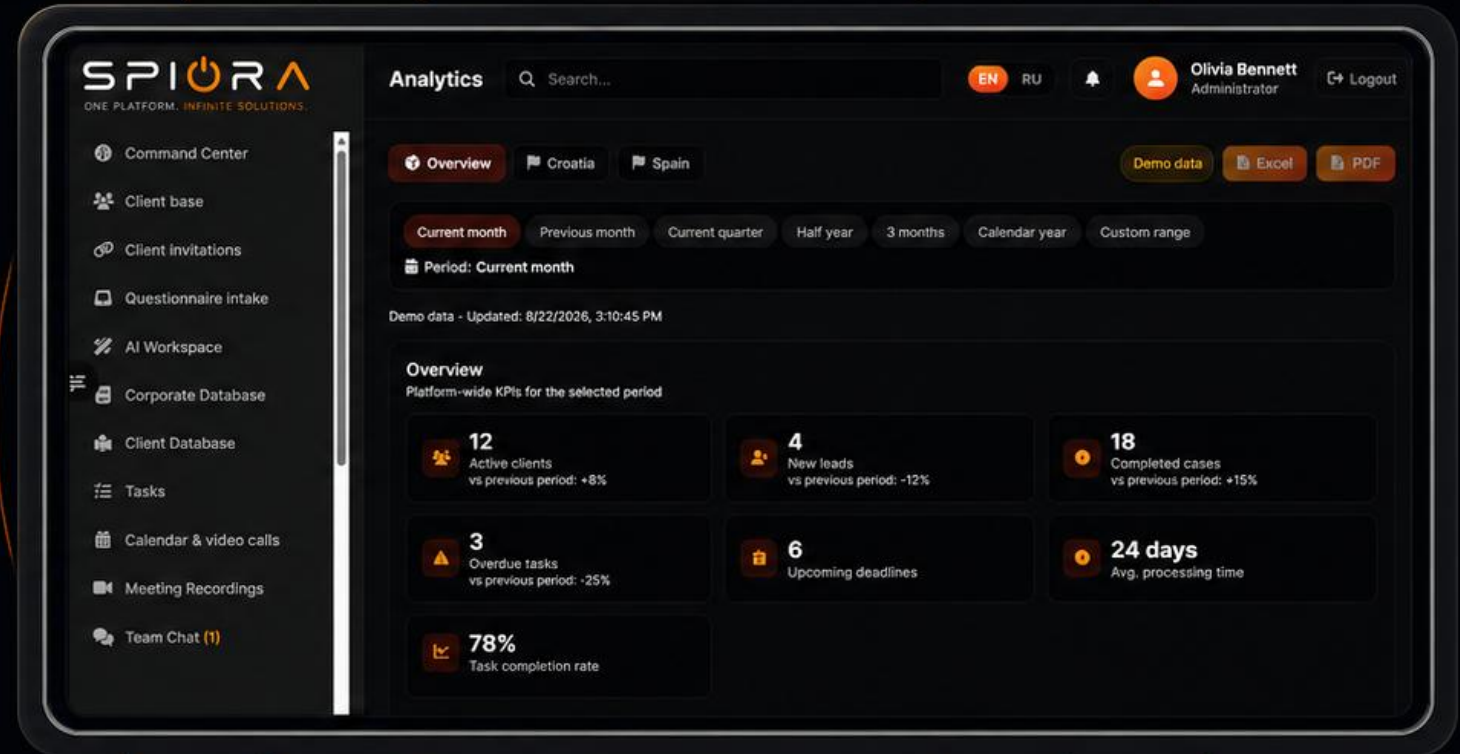

Spot overdue tasks and upcoming deadlines

Assess processing time and completion rates

Export data to Excel or PDF

# Control access and workload.

Roles and access rights for every employee

Remove access instantly after dismissal

Documents and case counts by employee

Working hours, workload and salary visibility

# The team stays up to date.

New client or new chat message

New task or status change

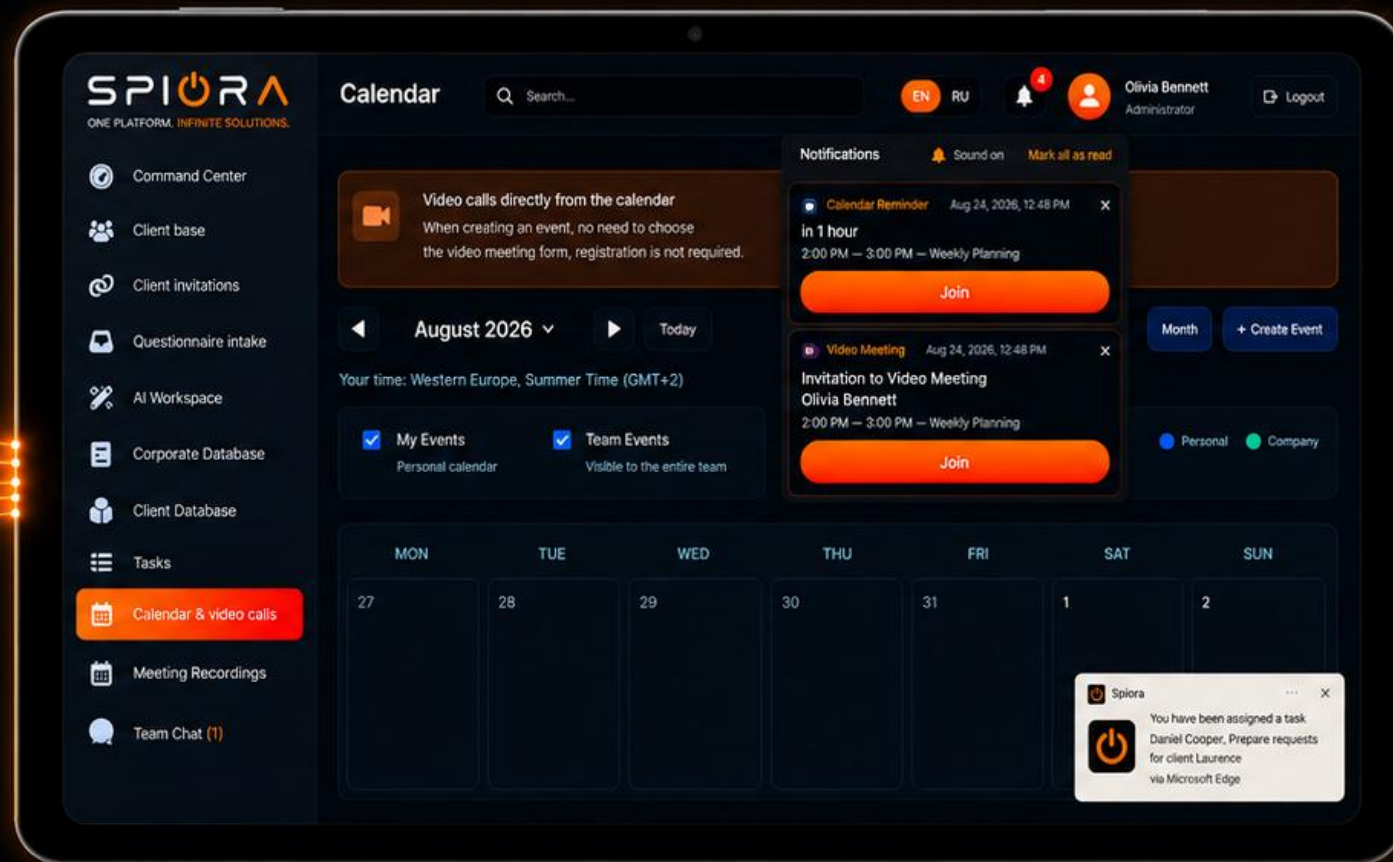

Calendar event reminders

Optional sound alerts

One clear list with instant actions

# SPIORA CLIENT

PERSONAL ACCOUNT

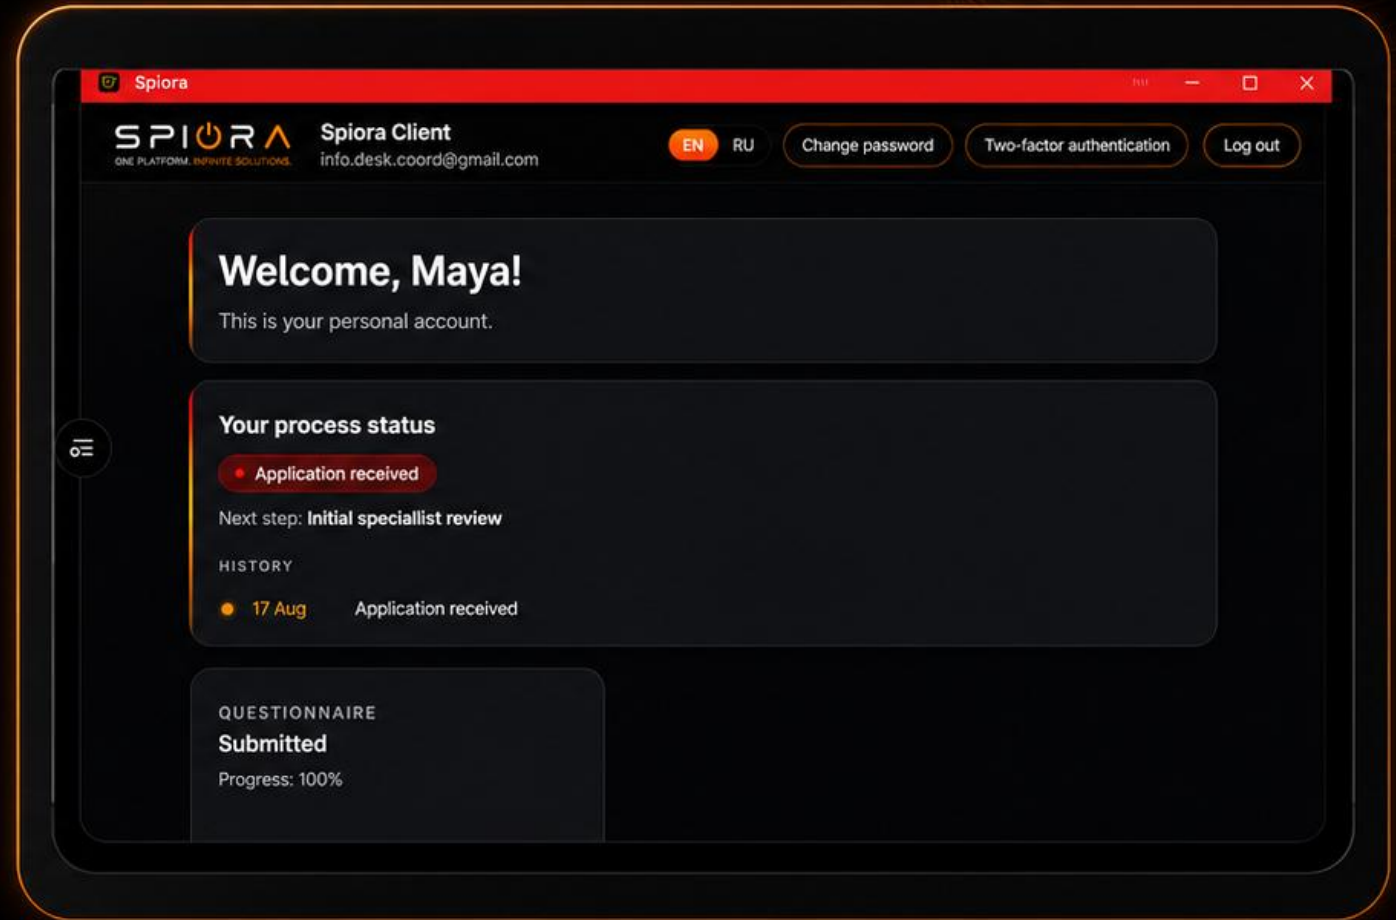

TRANSPARENCY • SELF-SERVICE  
TRUST • ALWAYS INFORMED

# Clients know what happens next.

Every client has a personal space with the process status on the main screen.

-  Application status and progress
-  Next step and important actions
-  Questionnaire status and process history
-  Fewer “What stage are we at?” messages

# A complex intake becomes a guided flow.

The screenshot displays a 'Client Questionnaire' interface. On the left, a 'Sections' sidebar lists: Welcome, Personal Information, Contact Information, Family, **Education** (highlighted with an orange dot), Employment, Purpose of Inquiry, Document Copies, and Additional Information. The main area shows 'Education' with 'In progress' and 'Saved' status. It includes a 'Highest level of education' dropdown menu with options: Select..., High School, Associate Degree, Bachelor's Degree, Master's Degree, **Doctorate** (highlighted), and Other. Below this is a 'Year of graduation' text input field.

**01**

Step 1 — personal and contact details

**02**

Step 2 — upload required documents

**03**

Step 3 — data appears for the manager

No email attachments or manual data entry

# Review and sign contracts in the account.

Open the agreement without downloading

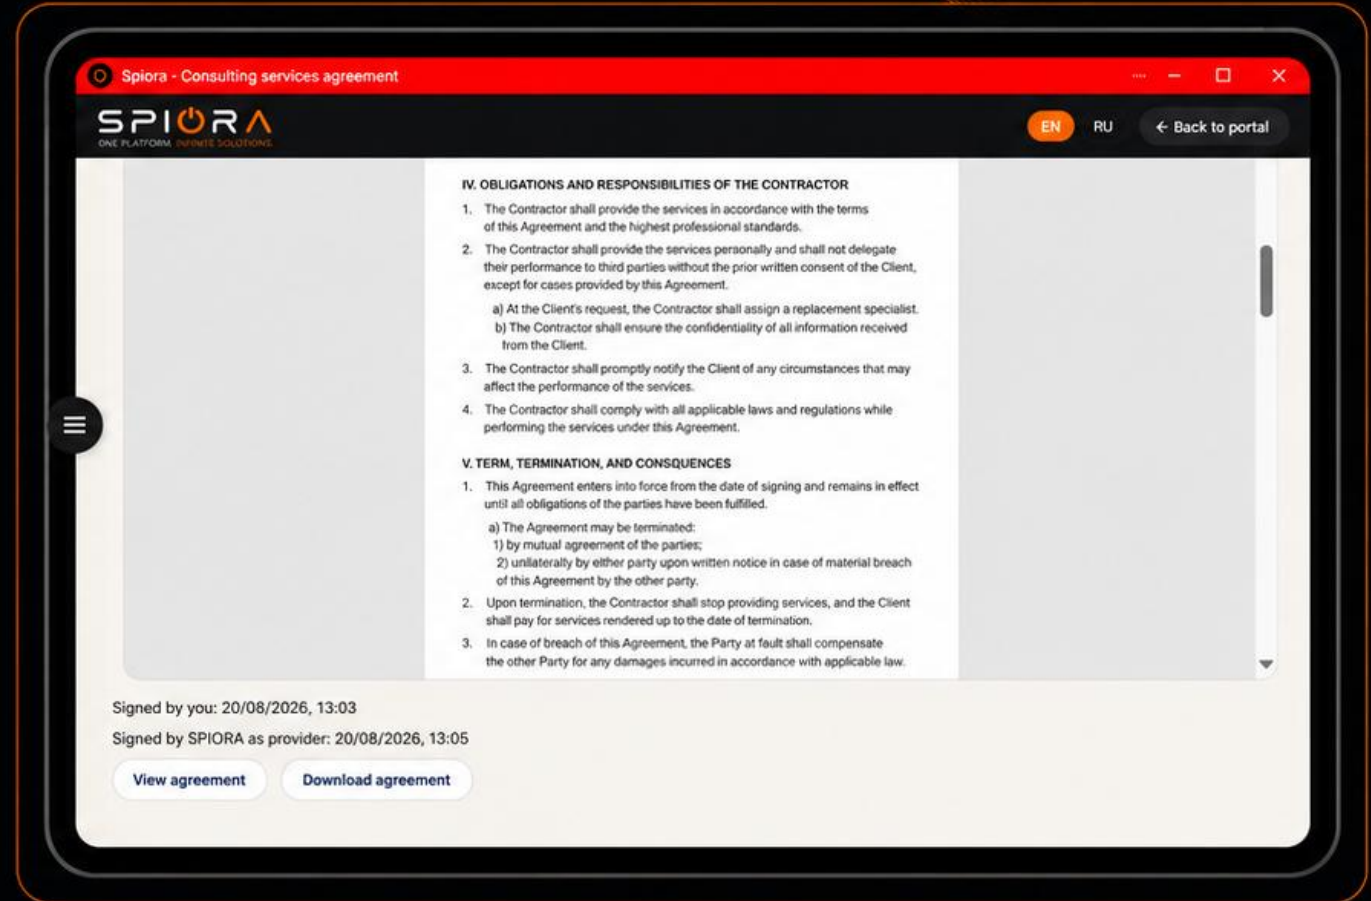

Confirm signing with a code sent by email

Signed contract transfers to the team side

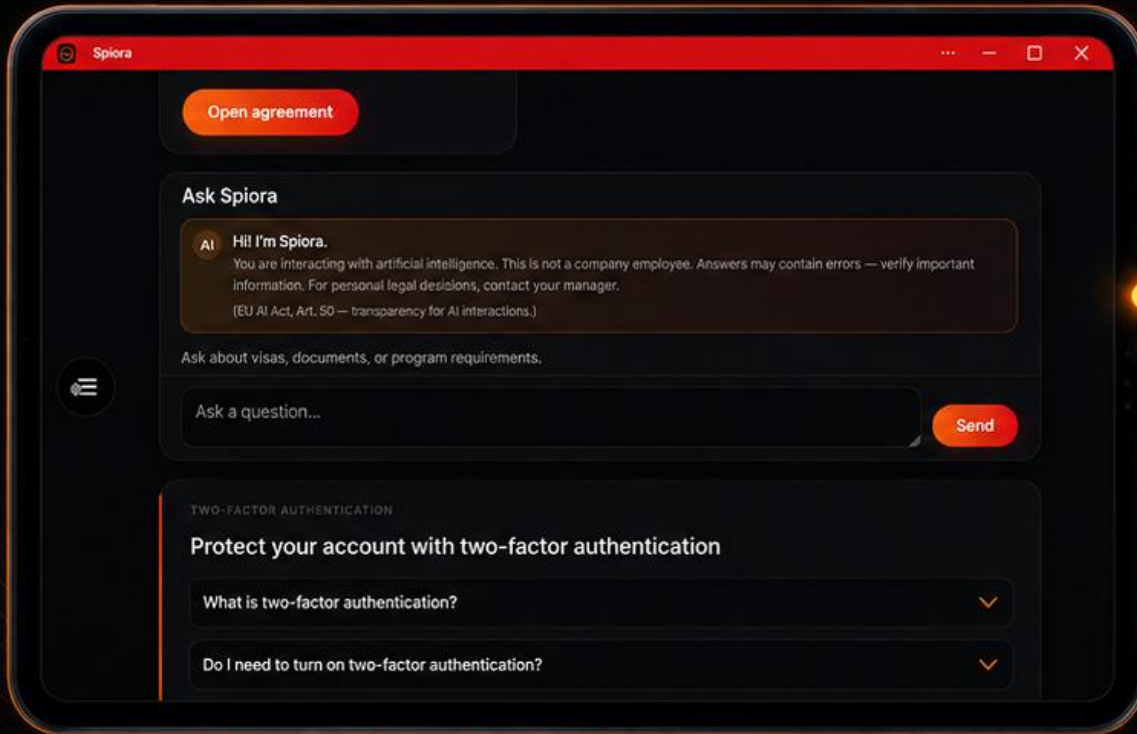

Both parties can access the final document

# Clients get answers without waiting.

Verified guidance is available directly in the personal account.

  
**VERIFIED GUIDANCE**

**SPIORA**  
COMPANY-APPROVED  
KNOWLEDGE

Answers questions 24/7

Uses only  
company-approved  
knowledge

Explains programs,  
stages and required  
documents

Clearly identifies  
itself as AI

# Security is part of the architecture.

## DATA CONFIDENTIALITY

Company data belongs exclusively to you

NDA and service agreement protect confidentiality

Staff and clients have separated access

Important files remain inside the system

## PLATFORM SECURITY

Two-factor authentication for team and client areas

HTTPS / TLS secure communication

Strictly restricted server and database access

Scheduled security checks and updates

**Your data — yours only. Always.**

# AI access follows your data policy.

01

## DEMO MODE

Fictional clients and documents only. No real passports or personal data are uploaded.

02

## REAL COMPANIES

Private corporate AI in Europe. Data stays inside a protected perimeter and is not used for model training.

03

## COMPLIANCE

Employee-scoped access, protected document storage, audit logs, GDPR and 152-FZ configuration.

## DATA RIGHTS

Personal data can be exported or deleted on request. Corporate accounts, access policies and important actions remain auditable.

# Launch your own platform — FROM 2 WEEKS

A simple, transparent process. You always know what stage your platform is at.

# In one year, own your digital office.

Not a subscription. Not an off-the-shelf solution.

Ready to get started?

# Ready to build your own platform?
